THE ROYAL ECO EXCURSION

With the tremendous interest and demand for “green” activities at a higher level, we decided to recreate the Royal Agriculture Tour recently made by Prince Charles, Prince of Wales, and his wife Camilla, Duchess of Cornwall. With their deep interest in environmental sustainability the royal pair visited West Marin to honor its pioneering role in the organic farming and environmental movement.

MESSAGE FROM THE PRESIDENT

Dear Friends and Business Partners:

The times we live in require innovation, flexibility and a strong network. With this in mind, my team and I have expanded the services we offer, modified our business model and developed deeper relationships with our valued partners.....

RAPPERS IN DA HOUSE

As part of a friendly competition, DMC Network partners were asked to create an elevator pitch that effectively described and promoted the Network in under 150 words. With tongues planted firmly in cheeks, Cappa & Graham’s own Director of Programs, *Josiline Shanahan* and Program Manager/ Business Development, *Adriane Powell*, created the winning DMC Network elevator pitch, fashioned in the form of a rap. Check it out below, Yo. Congratulations, girlz!

DMC Network Elevator Rap

We’re a network of professional DMCs
We work together to put your mind at ease

We produce meetings, incentives and special events
With our imagination and experience

Urban Planning: the Cappa & Graham Way

Our new exciting partnership with the San Francisco Planning and Urban Research Association (SPUR), started off with a bang at the end of May when we produced two, back-to-back bashes celebrating the organization's 50th birthday and the opening of the new SPUR Urban Center.

Check out more pictures [here](#)

Learn more about the Urban Center here: www.spur.org

Quote of the Month!

"You did a great job, and I've heard nothing but great things about the Carmel trip."

Education Chair, Dallas Chapter
World Presidents' Organization

Monterey Peninsula WOWs The Client

...Highlighting the trip was a private dinner set in front of the million gallon tank at the Monterey Bay Aquarium including delectable hors d'oeuvres and a private tour of the brand-new Sea Horse exhibit.....

Where are we?

Can you identify this San Francisco spot?

AND THE WINNER FROM OUR LAST ISSUE IS:

Jamie Truxler of Associated Entertainment who correctly identified the Conservatory of Flowers in Golden Gate Park as the spot where the Bunny hopped in our April e-card. She also knew that the tag line, "Where's Fluffy?" was affectionately borrowed from the movie *Nick and Nora's Ultimate Playlist*.

Way to go, Jamie!
